

# DF6 A

## Specifications & Advantages

|   |                             |
|---|-----------------------------|
| Engine Type                               | 4 - Stroke OHV 2-Valve      |
| Fuel Delivery System                      | Carburetor                  |
| Transom Height mm (in.)                   | S: 381 (15); L: 508(20)     |
| Starting System                           | Manual                      |
| Dry Weight kg (lbs.):                     | S: 24 L: 25                 |
| No. Of Cylinders                          | 1                           |
| Piston Displacement cc (cu. in.)          | 138 (8.4)                   |
| Bore X Stroke Inches (mm)                 | 60.4X48                     |
| Maximum Output Kw (HP) / RPM              | 4.4 (6)                     |
| Operating Range (RPM)                     | 4750 - 5750                 |
| Steering                                  | Tiller                      |
| Oil Pan Capacity liters (U.S. / Imp qts.) | .7 (.74)                    |
| Ignition System                           | Digital CDI                 |
| Alternator                                | 12V 6A (Optional)           |
| Trim Method                               | Manual 5 Tilt Pin Positions |
| Gear Ratio                                | 1.92:1                      |
| Gear Shift                                | F-N-R                       |
| Exhaust                                   | Above Prop Exhaust          |
| Propeller Selection (in.)                 | 6 - 7                       |
| Fuel Tank Capacity                        | Integral 1L                 |

Specifications, appearances, equipment, colors, materials and other items of "SUZUKI" products are subject to change by manufacturer at any time without previous notice and they may vary depending on local conditions or requirements.

Some models are not available in some territories. Each model might be discontinued without notice.

Please inquire at your local dealer for details of any such changes.

**FOR YOUR SAFETY:**

- Read your owner's manual carefully.
- Operate your outboard safely and responsibly.
- Follow all scheduled maintenance as recommended.
- Use only SUZUKI Genuine Parts
